Use Plan Now In Preparation

One of the Bay Area's largest real estate transactions was completed Tuesday when officials of the Crocker Land Company and Standard Building Company presented a $3,250,000 check to Harry Christen of San Francisco.

The check represents the first installment on the purchase of the famous Christen dairy ranch, comprising some 800 acres of choice rolling hills property located just south of Daly City, bounded by Junipero Serra boulevard on the east and Skyline boulevard on the west. Total purchase price approaches $10,000,000.

Principals in the transaction have formed a new corporation, Suburban Realty Co., for the purpose of developing the property. Carl Gellert of San Francisco, head of Standard Building Company, is president of the organization. Executive vice president of the corporation is William F. Morton, who is also vice president and general manager of the Crocker Land Company.

The firm is well underway on preparation of a detailed land use and dveelopment plan, Gellert said.

Tentative plans call for construction of a complete community "that will accomplish the proper consolidation of our land with the surrounding built-in areas," he explained.

"It is our aim," he added, "to build a fine residential community, complete with single and multi-family dwellings, commercial areas, shopping centers, schools, parks and playgrounds."

Such a community would likely involve the investment of $150,000,000 or more, Gellert estimated.

The land involved in the purchase has been used by the Christen family for dairy ranching since before the turn of the century. Christen, principal owner for the past 72 years, has continued to operate his dairy business on the ranch as neighboring areas gave way to suburban developments in the years following World War II.

The ranch is now surrounded on all sides by residential communities of South San Francisco, Daly City, Colma and Pacifica.

The property is involved in plans for construction of the new Junipero Serra Freeway which will extend along the entire eastern frontage. The Cabrillo Freeway connecting Junipero Serra Boulevard and Skyline will involve a portion of the northern section of the property and Hickey Boulevard, part of San Mateo County's road system, will eventually extend through the southerly portion of the property.

Big Leak Located In Westmoor Cafeteria

The Jefferson Union High School board considered a complete report of the growing leak in the heating system at Westmoor.

Buonaccorsi and Murray, consulting engineers, reviewed their report which locates the major portion of the leak in the cafeteria-kitchen line.

They called for an immediate capping of the two 2½-3 inch pipes that supply the cafeteria; an area that has been without heat since mid-December, 1962. A temporary line to carry water to the kitchen will be provided after the capping. This line will run on the exterior above the grade on the south side of the building.

A report from Industrial Heat Control, Inc., stated that the loss of water has risen to a flow of 11,000 gallons of water per 24 hour period.

In answer to a question, Buonacorsi stated that "the soil underneath (the school) cannot be going anywhere. It is our opinion that there is no erosion occurring. We don't feel that any underming is taking place."

Paul Reiter, architect, added that "soil engineers do not show great concern" as the soil can absorb up to 22-25,000 gallons of water per day.

Trustee Fontana of the board stated that he saw the huge loss "inexcusable in such a new school and such an expensive school."

The board adopted President Cooper's suggestion that test cores be taken in order to determine if there is any subsurface soil loss.

Superintendent Morgan said detailed figures of all costs of the repairs are being kept, to be ready "if a legal suit appears feasible at some future date."

Buonacorsi also said that a long shut down of the plant was not forseen when permanent repairs would be initiated.

Unification

The board also passed the resolution asking their voting representative to vote for a unified Jefferson district at the augmented board meeting.

The resolution's wording made it clear, however, that the board is opposed to mandatory unification of the school district, listing eight objections to the compulsory unification.

The vote for the unification is to be registered, according to Trustee Fontana, only because the board refuses to support a policy that would split the district.

Among the reasons listed for their action, the board's resolution stated that neither morally nor ethically could the board split a district that had been in existence for 40 years.

Fontana read a letter to the board in which he stated that there is no valid reason for unification that is not outweighed by their ill effects.

The board also concurred with President Cooper's remarks that "each area is unique in its make-up, in its educational requirements.

Cooper further stated that "one cannot mandate education by legislation."

In support of this point of view, reference was made by Superintendent Morgan to the Citizens Advisory Committee report, made in 1960. The report was quoted as advocating the retention of historical units or traditional organizations if they command community loyalty.

It was pointed out by Morgan that "the financial resources of any district remain the gauge, and determine the area's ability to educate."

Top Students Receive Awards

Outstanding students were honored Tuesday night by the Daly City-Colma Chamber of Commerce at a banquet at Joe's of Westlake.

Awards were given in four categories of achievement to Jefferson and Westmoor students.

Honorees included:

Science and Math—Richard Walla (J.), A. Kenneth Lehre (W.); Fine Arts—Vliana Malaspina (J.), and Kenneth Gates (W.); Liberal Arts—Lowell Williams (J), and Marilyn Wagner (W.); Vocational Arts—Stewart Linger (J.), and Patricia Marks (W.).

Asks Support For New Daly City Directory

A project, launched last year by city hostess Ramona Birke, to print a new city business directory in Daly City, was presented to the Daly City-Colma Chamber of Commerce last Thursday.

George Nutter, former Pacifica Chamber of Commerce president, solicited support from the chamber for his project. He said the directory would include listings of local busineses, professions, churches, schools and PTA's.

Nutter said he wanted to list all retail businessmen. He cited the fact that local business addresses now are virtually buried in the San Francisco telephone book and are hard to locate.

He offered the chamber a 10 per cent profit on endorsing the printing of 20,000 copies of the directory.

Walter McRae of the chamber said the venture appeared to be an improper function for the chamber to undertake. "I see," he said, "that all of a sudden the Chamber of Commerce is a business."

Chamber director Fred Martin said that on the contrary, the directory would serve as a much-needed fund-making project for the local Chamber of Commerce and would at the same time help the city.

GROUNDBREAKING—Archbishop Joseph McGucken blesses the ground at groundbreaking ceremonies, May 11, signalizing the start of construction of the urgently needed new $8,000,000 Mary's Help Hospital in Daly City. The hospital will be situated on San Fernando Way near the Southwest intersection of Junipero Serra and Eastmoor.

600 Observe Mary's Help Groundbreaking

A large group of Bay Area notables braved windy weather Saturday to witness the ground-breaking ceremonies for the "most-needed hospital in the State of California."

The Most Reverend Joseph T. McGucken, Archbishop of San Francisco and Dr. Malcolm H. Merrill, California State Director of Public Health, Sister Administrator Hermine and Acting Mayor of Daly City, Micheal De Bernardi, turned over the first earth to begin construction of the new $8,400,000 Mary's Help Hospital.

Archbishop McGucken said the hospital will serve all the people in "the Spirit of St. Paul."

He said the hospital will have the very newest and best in architectural features for the comfort of the patient.

Judge George B. Harris, chairman of the "Committee of One Hundred" who is advising the Daughters of Charity in their building project, stressed that Mary's Help is not a Catholic hospital crusade.

"Had this hospital been contemplated as a Catholic hospital this (fund raising) project would have been taken care of in the first instance," he said.

Harris said the hospital is a non-profit community hospital for all races and creeds. He urged citizens to respond with generosity to the hospital fund drive.

Sister Hermine stated "the hospital should be a very important part of your community life." She said the hospital will train home nurses, first aid, classes for expectant mothers and refresher courses for nurses.

When the new ultra modern medical and nursing facility is completed in June of 1965, it will be virtually in the center of a fast-growing population currently estimated at 250,000 people, presently without even adequate emergency care. Starting off with 250 beds, this unique building will be so designed to accommodate 400 patients.

Governor Brown, who had planned to be at the groundbreaking, wired a last-minute cancellation on account of some important hearing scheduled over the weekend. Doctor Merrill was asked to represent him. He and the Archbishop were the principal speakers, both pointing up the urgent need for this particular hospital "long overdue," as one put it, as well as the building and expansion of others due to our rapidly growing State population.

Acting Mayor De Bernardi and Judge George B. Harris, Chairman of the Hospital Advisory Board, shared the Master of Ceremonies honors, introducing notables from their respective areas. Among others on the speakers platform were Roy A. Bronson and Benjamin Swig, who with Christian de Guigne, now in Europe, are co-chairmen in the fund drive by which the Sisters hope to raise $1,500,000 by public subscription to complete the project. In her brief talk Sister Hermine smilingly told the group, "We think this is a real bargain for the peo-

Law Change Seen on Teen Night Clubs

Recommendations on age groups and hours of attendance at the controversial Teenage Night Clubs were made at a Board of Supervisors hearing Tuesday in Redwood City.

Supervisors discussed protests against a teenage club in Columbo Hall on San Pedro avenue in Daly City. A permit to operate the club is held by David Reach of Pacifica.

It was granted under a county ordinance regulating dance halls.

Reach talked about his plans. He said he has eight adult supervisors and four uniformed police at the club.

Broadmoor Chief of Police Ray Savage spoke favorably of the club. He said he spent three hours at the teen night club and found the owners very cooperative.

Savage recommended the hours be reduced from 8 p. m. to 1 a. m. on weekends to 8 to 12 and 10 p. m. on weekends.

The general consensus of the board of supervisors was that age 14 is too young for this type of club, too great a disparity between that age and 18 year olds.

The board of supervisors appointed the following committee to study and make recommendations.

County manager E. R. Stallings, District Attorney Keith Sorensen, Sheriff Earl Whitmore. They will confer with chiefs of cities concerned.

The board is expected to take action to amend county ordinances dealing with dances to apply to teenage affairs.

Check Passing Talk

Detective Phillip LaBruzzo will talk on bad check passing Thursday at a meeting of the Daly City-Colma Chamber of Commerce at 12:15 p. m. at the Cypress Hills golf course.

Mechanized Reading Plan for H.S. Students

Westmoor High School's speed and developmental reading program will be expanded with the establishment of a mechanized reading laboratory in September, enabling students to work individually to raise their reading rates by several hundred words per minute.

The tachistoscope and controlled reader have been used for the past five years by the English instructor, Mrs. Ruth Brown, in her speed and developmental reading classes. Concentration, visual accuracy and spelling are improved when the student must copy a single or group of words flased on the tachistoscope screen in one-hundredth of a second. Habits of verbalizing, or lip-reading, and regression, or constant rereading of several words, are broken when one is forced by the controlled reader to read at a set rate.

Mrs. Brown's five classes work in two groups as well as individually. With the addition of the ratometer in the fall semester, each student will have the use of a machine, and will be able to progress as fast and as much a he is able, independent of the rest of the class.

Mrs. Brown commented that the average high school student reads at a rate of 250 words per minute, and that those planning a college education have, or should have a speed of 600. Her students have progressed on the average to approximately 400 words per minute. Mrs. Brown remarked that one of them has reached 1,000 and that in a previous year a student had achieved 1,500 words per minute.

Because a fast rate of reading prevents the mind from wandering and aids in connecting ideas, speed and comprehension improve simultaneously. Speed reading students report that the skills acquired in this class have been beneficial in their other courses.

City-County Highway Ballots Are Available

Absentee ballots are now available for the city-county highways bond election at the Election - Registration Department in the Hall of Justice and Records, County Clerk John A. Bruning announced today. Last day to receive applications is May 28.

Mailing of sample ballots for the $35-million bond issue will start going to registered voters Wednesday of this week. Mailings will be completed within two weeks.

The county's regular 525 election precincts have been consolidated into 261 precincts, Bruning said. There will be four election officers at each precinct. The special June 4 election will have only the single bond measure on the ballot and paper ballots will be used. Voting machines will not be used because the counting will be simple and fast with only "yes" or "no" votes, the clerk added.

Polls will be open from 7 a.m. to 7 p.m.

'Open Forum' Talk on Highway Program May 20

William E. Chapman, city engineer for Daly City and member of the San Mateo County Greater Highways Committee, will hold "Open Forum" sessions in his offices at City Hall from 9 a.m. until noon Monday, May 20, for those groups and individuals seeking detailed information on the proposed $35,000,000 City-County Highway Bond issue.

The measure goes before the voters at a special election June 4.

"These forums are a part of the continuing program of public information carried out during the past months by the Speakers Bureau of the Citizens for City-County Highway Bonds," Chapman said.

The bureau, by making expert speakers in the engineering and financial details of the program available to San Mateo County's fraternal, civic, business and social organizations, is providing a source of authoritative information on the highway plan and the $35,000,000 bond issue to finance the first stage of construction, Chapman said.

Speakers, drawn mainly from the County Engineer's office, Stanford Research Institute, the George S. Nolte Consulting Civil Engineering firm and other well-grounded experts who worked closely on the research and development of the plan, are still filling daily engagements throughout the county at meetings of every type, from service organizations to garden clubs.

"This program is too complex—and too important—to be left unexplained," Chapman said. "There are too many people who react negatively at the first mention of a bond issue without taking the time to discover the basic soundness of the engineering and financial programs included in the plan."

Chapman urged all citizens who had any questions or "simply want to know what the whole thing is about" to meet with him in the City Engineer's office Monday.

Groups may still obtain a speaker by contacting either Chapman, or by calling the Citizens Committee offices, DI 2-9114.

Brisbane Land Annex Jumble

The confused status of Brisbane's annexation of land as fas north as the San Francisco city line and as far east as the Alameda county line, which is still being challenged by a quo warranto proceeding filed with the state attorney general's office by the Bayshore City sanitary district was explained to Brisbane city councilmen Monday night by City Attorney Conrad Reisch.

Because Thomas L. Bocci, attorney for the sanitary district, has filed the new litigation with the state, Reisch reported the legal time for challenging the legality of the annexation has been extended for another 90 days, or until around August 17.

Bocci's action is reportedly based on the fact that Brisbane used assessment figures of the state land commission when it should have used the county assessor's office. Because the property was annexed under a majority protest act, the sanitary district claims a revision of figures will mean more than 50 per cent of the property owners involved have not signed annexation petitions.

Despite Bocci's latest legal maneuver, City Manager Lanier S. Brady was advised to carry on as if the annexation has already been completed as it has been certified by the secretary of state in Sacramento.

In other actions Monday night, the council:

Heard a report from Brady that the planning commission will hold a public hearing on the rezoning of 53 acres from industrial to commercial and apartment to permit construction of a multi-million dollar high rise apartment project in the northern part of the city, west of the Old Bayshore highway.

The council discussed the emergency hospital offer of Dr. Alfred A. Marquez, who said he would move the abandoned Junipero Serra Hospital building across Junipero Serra boulevard and continue the hospital's emergency services.

The council said it could not officially endorse this unit as an emergency hospital, since the council did not have the authority to do so. This endorsement, apparently must come from the San Mateo County health authorities.

ART LOVERS — Crowds of San Franciscans who have enjoyed the paintings at the Artists Cooperative, 2324 Union street, will be happy to learn that this gallery is having an open air exhibit in the Stonestown Mall from May 13 to May 18. This show is sponsored by the Stonestown Merchants' Association, and will display approximately 200 art works by Bay Area artists.

The Stonestown Merchants Association will present its annual Spring Art Show, in the Stonestown Mall, May 13-18.

For those who wish a portrait of themselves, or their children, a portrait artist will be available.

The general theme will be focused toward realistic art, rather than "way out" and "guess what and why."

The Artists Cooperative Gallery, a non-profit group representing more than 150 Bay Area artists, is located at 2224 Union street in San Francisco.

Trailer Park For Pacifica Is Approved

The controversial plans of Frank Maestri for a 60-acre trailer park near St. Peter's Church at the eastern end of Pedro Valley, were unanimously approved by Pacifica city councilmen last Wednesday night.

In approving plans, however, councilmen gave an amber light rather than an outright green signal to construction plans. Instead of rezoning the property from agricultural to a limited highway frontage, as sought by Maestri, councilmen ordered the property zoned to a planned community zone to give the city greater control of the development.

Brisbane To Get Big Development

A $20 million apartment complex with a "Stonestown type" shopping center is in the future for the city of Brisbane.

Karp development company has revealed plans for a high rise apartment complex which will double the population of the county's newest city.

Located on the eastern slope of Boneyard Hill, the new development will start construction "almost immediately," according to Joseph Karp.

Pacifica Flower Friends Meet May 15

The regular monthly meeting of the Pacifica Flower Friends Garden Club will be held Wednesday, May 15, 8 p. m., at the Rockaway Beach Progressive Club building, 345 Hewitt Ave., Pacifica.

The program will be on orchids. Hostesses are Mrs. Frank Duron and Mrs. Richard Moody. Anyone interested is invited to attend. All club members are reminded to bring plants for the plant table.

Brisbane Makes Another Move

Attorney Thomas L. Bocci, who fought in vain to prevent the annexation of Bayshore City's industrial area by the city of Brisbane, was back in court Monday seeking to have the annexation declared invalid.

Bocci, who represents the Bayshore Sanitary District, recevied "provisional" permission of the attorney general's office to file his new suit in the name of the people of the state of California.

The suit is based on this legal reasoning:

The state government code provides that an annexation cannot be made if there is a protest by the owner of more than half of the assessed valuation of public property.

When the sanitary district filed its protest it was accompanied by a certificate showing the district owned property having an assessed value of $63,250. No other tax exempt publicly-owned property was assigned any value for the purposes of the proceeding.

Therefore, the sanitary district's protest represented a 100 per cent protest by owners of public land.

In granting Bocci permission to sue in the name of the state, the attorney general reserved the right to withdraw from the case at any time or to take over its prosecution.

A "city block" is considered to be 300 feet of 100 yards.

1000 Watch Local Firemen Demonstrate

Fire Service Day, May 4, 1963 was a huge success in Daly City.

The Daly City Fire Department held open house in three fire stations, displayed fire equipment and gave demonstrations at the Westlake Shopping Center.

Over a thousand people watched the demonstration, looked at the fire equipment and visited the fire stations.

Firemen handed out fire prevention literature and answered questions about equipment and fire department work. Many people were surprised to learn about the many services the fire department offers the people of Daly City besides extinguishing fires.

One of the attractions of the day was a parachute jump at the St. Francis Shopping Center. The fire department aided the jumper by lighting flares for wind direction, and placing a large white tarp in the drop zone for a target.

Exams

On May 4, at the Memorial Building, 202 men took the examination for the position of fireman in the Daly City Fire Department.

Pacifica Planner Will Be Hired

A planned program for the coming year, including the hiring of a new planning technician was reviewed by members of the Pacifica planning commission Monday when they met in study session.

Commissioners reviewed whether a study of high rise apartments should be made, and discussed once again a proposed study of the southeastern part of the city and revisions to a general plan. No decision was reached, however.

The discussion followed a series of joint meetings with city councilmen.

The commission presented resigned Commissioner Margaret Barrett with a specially engraved plaque and a resolution of commendation.

Jeff Teacher Takes Part in Workshop

Patrick Ryan, Jefferson High School general business teacher, has been selected to participate in a summer workshop sponsored by the Pacific Telephone Company from June 24 to July 19.

Each year, the Pacific Telephone Company selects a limited number of teachers and counselors from the Bay Area to participate in its workshop providing them with an opportunity to become familiar with the telephone company's basic policies, practices and operations.

The purpose of the workshop will be to develop better understanding between the schools and the telephone company by an exchange of viewpoints and side-by-side work experiences.

Ryan expects to observe and evalute the current and future trends of this up-to-date industry, and relate the job requirements and opportunities available to the school curriculum.

After the summer workshop, Ryan will spend the remainder of the summer at San Francisco State College taking advances training and courses for his master's degree and an additional credential.

"MEMOS" FROM YOUR Stylist

By MR. ROBERT

Some people seem inclined to attach mysterious causes to ownership of naturally wavy hair. Actually, the cause is simple; a person's hair follicles are straight with resultant straight hair, or the follicles are curved, providing wavy hair. Obviously, the greater the follicle curves, the more pronounced the wave.

Although naturally wavy hair is something we are born with, the story doesn't end here. A baby's head changes shape in early childhood, and hair follicles curly in the beginning are likely to straighten.

And, by the way, let's straighten you ladies out on another point: For experience, training, imagination and pride of accomplishment, you can't find better operators and stylists than we have at MR. ROBERT'S SALON OF BEAUTY. Charm and careful grooming aren't hard to find when you look for them at MR. ROBERT'S SALON OF BEAUTY, 198 School St., Phone WY 2-1717.

Terra Nova Spike Rams For Crown

COME FLY WITH ME—John Kelly of Westmoor, getting plenty of height in the varsity broad jump competition.

Terra Nova Teams Place At Fresno; Upset NPL

Terra Nova has a disappearing act called the 880-Yard Relay Team.

It is, without question, the best disappearing act on the Peninsula, comes in easy-to-assemble kit form, with four moving parts: Bob Weydemuller, Mike Staley, F. C. Mason and Bill Orth. A baton is included, gratis.

To activate, fire starter's pistol and duck. The moving parts disappear for approximately 1:32.7 seconds. This act, on returning to visability, returns with first place in the relay, first place in the track meet, and the North Peninsula track and field championship over the favored Rams and over South San Francisco. Quite an act. Jeff exited with 50 points.

The first annual NPL championships, held on a cold and wet track at Westmoor, found Westmoor leading by four points over the Tigers, 61-57. All the Rams needed was second place in the last event, the 880 relay, and the laurels were theirs. Terra Nova jumped off to a seven-yard lead and kept pulling away, leaving South City and Westmoor in a duel. The Rams' Pinelli just couldn't catch the Warrior anchorman, and the Warriors took second by about a foot.

Ironically, the Ram effort counted for naught as they passed the baton out of the zone and were disqualified.

Tiger coach Dennis Lanterman had it "doped out very carefully for Westmoor to win by two points—but they got more points quicker than I had figured. Then, in about a minute, the whole complexion of the meet was changed; Weydemuller and Archibald took second and third in the 180 lows and Gallo took second in the pole vault.

"I'd really call it an upset over Westmoor . . . I'd have to."

But Terra Nova had no double winners, as did South San Francisco, Westmoor and Jefferson.

Rich Waller won the discus and shot put for the fourth-place Jeffs, while Roberts won both the high and low hurdles, and very nearly the track meet for South City. Roy Pinelli, running for the Rams, also won twice, taking both the 100 and 220-yard dashes. All three of these tracksters have been winning both of their events most of the season.

The Class B competition was a literal runaway, as the Jeffs took eight out of 13 events, scoring 108 points to the Tigers' second-place total of 46. The Jefferson Indians also took the C's meet, completing their domination of the lightweight divisions.

Last Saturday the victorious Tigers took their disappearing act to Fresno, turning a 1:32 in the 880, taking third place among the finest high school teams in the state.

Then in an event (the sprint medley) that coach Lanterman called "the charge of the light brigade," the combination of Vincent in the half-mile, Orth in the 440 and Staley and Mason in the 220, took fourth.

The high school teams that won these events turned in times that would, according to Lanterman, have placed in the college competition. The three top finishers of any event of the season will qualify for Division 2 of the North Coast Trials.

Giants' Busses From Holiday Inn

The new Holiday Inn at South San Francisco has instituted a special bus and baseball party program to tie in with the San Francisco Giants' night games, beginning May 14.

Rams, Warriors Win Face Title Clash

Westmoor and South San Francisco played according to the script written by the NPL coaches in pre-season predictions. Both won by identical scores of 3-1, displaying control pitching, tight defense, and an alert, well paced attack.

South City faces improved Oceana today while the Rams host cross-city rival Jefferson. Neither game is a cinch for the league leaders.

Friday, the leaders finally collide — and somebody is obviously going to be derailed. And there isn't any insurance for damages.

The Westmoor and Oceana nines played their best games of the season — facing each other Friday — with the Rams winning by a score of 3-1. Recalling the first encounter of these two teams, won by the Rams, 13-1, Ram mentor said that Oceana "is probably the most improved bunch in the league."

El Camino was gunning for the South City Warriors, but never quite found the range, losing their second game to their cross-town foes, 3-1.

Jefferson borrowed a pole from the track squad and vaulted into the middle of the league standings with two wins over Terra Nova. The Tigers haven't come apart at the seams — Jeff is playing, according to Coach Mazzera, just like they should be.

The Jeffs went into the last inning in a 3-3 tie, picked up singles from Sullivan, Rolling and Morton (who went three for three) and then saw Bob Easley loft a sacrifice for the winning run.

In the make-up game, Rolling and Easley held the batting limelight while Sullivan picked up his second win, giving up seven hits over the route.

The Westmoor pitching staff has been through the mill over the past few weeks — Losberger noting sadly that Davis has been out with pneumonia, Williams has been laid up with the flu, and Torres has been tied up with extra-curricular activities.

The Ram scene was considerably more cheerful after Hix's four-hit pitching effort, and second baseman Dan Payette's heroics. "He came up with everything hit anywhere near him," gloated Losberger. "It was his best game of the year."

Payette also went two for three and drove in all three runs.

South City, who proved they can't be trusted around a glass corner—stealing home twice in one inning against the Colts—are out to insure their ownership of first place. With Westmoor's defense lookly vastly improved, it had better be a fire insurance policy — with comprehensive coverage for contents of team.

Dodgers Lead Intermediates

Intermediate League

Opening games in the Intermediate league give the indication it will be a real Donneybrook right down to the wire. The PAL Dodgers are the only undefeated team but their record is marred by a tie with the OLM Aces. Larry White of OLM allowed the Dodgers only 3 hits in that game while Dicimeni allowed the Aces 6 hits. The game was an errorless 8 innings and ended in a 1-1 tie.

The OLM Aces rambled over the Ben Franklin Press team 6-3. Lou Gernhardt was the winning pitcher for the Aces and Roland Franz was the big stick man with 2 triples.

Holy Angels Shamrocks copped a couple this week. They took the Bender Roofers 10-7. It was largely due to Belluomini, Mannini and O'Dea who led the team hittings. Mannini hit 3 for 3 while Belluomini rapped out 4 for 4. O'Dea collected 3 for 4. Bel-

National Division
Midget Baseball League

Steve Kirby and Ron Papas put down the Bender Roofing Cats this week to keep their PAL Cardinals in the top spot. The Bender Cats put up a great fight and may turn the trick in their next meeting. Bud Kobowitz, Gordy Contreras and Steve Kirby contributed 2 hits each. Contreras and Papas accounted for the crucial RBIs in the 4-2 win.

The PAL Yankees showed considerable strength in their opening games. Their defeat of the OLM Leopards was a real surprise. This week they nailed the PAL Indians 6-2. Lessor held the Indians to 2 hits while teammates Nyehovich and Clat lasted the ball. Hecht, Lessor, Jones, McArthur, Baskett, Calinglia and Garibaldi joined the hit parade for the Yanks. Garcia and Barone played well for the Indians.

The luckless Indians fell victims to the OLM Leopards, also.. Steve Roche, Leopard moundsman gave up only 2 hits to the Indians—both to shortstop Monyanaris. Roche led OLM at the plate with 2 for 2. Gilmore, Coffey, Phillips, Antraccoli, Mitchell and Irvine helped out at the plate to bring the score to 7-0 in favor of the OLM Leopards.

Navigator Wins SF Sailing Race

The Navigator, a 30-ft. ketch, sponsored by the Knights of Pythias No. 48 of Daly City and crewed by Sea Scout Troop 120, won over five other craft in a race covering a 10-mile course last Sunday.

Running in a 15-knot southeasterly wind, the winning boat was timed in 2.07, 15 minutes ahead of second-place Portsmouth, crewed by Troop 200. The Ranger was third, in 2.25, only two minutes back. She was crewed by Troop 255.

Lions Roar; Lead American Loop

American Division
Midget Baseball League

Leading the American Division of the Midget League this week is the Holy Angels Lions. The Lions look like a real dark horse this year. After taking their lumps last year, they have opened this season with a real splurge. They defeated Misracks 12-4 and then on the arm of Tom Scott edged out the OLM Dons 4-3. The Dons rallied but a tremendous play by Albert Lucci, Lion Shortstop, cut them off short of the Lions' lead. Eddy Nessel and Jack Mimgram carried the big bats for the Lions with 2 hits each.

Moving up fast and recovering from their 12-1 loss to the OLM Dons in the opener is Harrison Realty. Coach Randy Hix, returning to the local baseball scene after a period of inactivity, has found the old groove. His club downed the PAL Giants 4-1. Gar Tompkins handled the mound chores and allowed the Giants only 3 hits. Phil Schmuck, Dick Smith and Marc Holmes handled the hardwood for the Harrison team. On Saturday Harrison took the measure of Misracks in a tight game. Tompkins again starred on the mound while the Realty boys played a great defensive game. Nick Nicholas slammed the big 2 RBI (a double) that accounted for the Harrison runs. Harrison 2, Misracks 11.

All-Girl Team in Gymnastic Exhibit At El Camino High

The first all-girl gymnastic exhibition at El Camino High School in South San Francisco was performed last week at the Colt Booster Club meeting in the partially completed high school gymnasium.

TAMMY THOMAS — Queen of the California State Drag Championships coming up on May 25, 26 at Half Moon Bay, poses on the fender of Neville Ford's A Stock entry. For some reason the Half Moon Strip has attracted the biggest names in drag racing for the meet. The Neville Ford car is prepared by Jim Morton and is driven by Ben Lupo, the assistant manager of the agency. The lowest ET thus far is 13.26, but both Lupo and Morton predict runs in the 12 second bracket.

luomini Ko'd 8 and walked 2 giving up 7 hits. The Shamrocks cut off a Roofer rally to take the game.

Phil Du Pont, Dick Tamter and Mike Green made the difference in the Shamrock game against the Ben Franklin Press. The Shamrocks turned 10 hits into 14 runs. Don Belluomini and Larry Mannini handled the mound chores in the 14-10 win.

Relish Bakery also took a game from Bender Roofers. They came from behind to do it. Mike Sandoval drove in Gary Soules and Bruch Brushner with the tieing and winning run in the bottom of the 7th with a single up the middle. Elementary Staff Asks for Raise

Jefferson Elementary School teachers Monday night asked the district's board of trustees for a pay raise similar to that granted last month to Jefferson High School district teachers.

Schools Superintendent Richard Foster reported that the proposed budget for 1963-64 was based on current salary schedules.

Trustee Joseph Lewkowitz, after hearing the request for a new schedule, reminded the teachers that they had agreed not to ask for more money this year.

Board President Thomas Noonan, however, declared that the board would be willing at any time to hear the requests of teachers. He said the board was not running a closed operation.

The request for a pay boost was presented by Charles E. White, chairman of the finance committee of the Jefferson Classroom Teachers' association.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

Alice D'Amico, league secretary, came within a fraction of an inch of converting bowling's most difficult spare as she calmly picked up the 4-7-10, leaving only the 9 pin, in the Ball and Chain Mixed Fives League.

Dave Vaughn and Edy Edelstein led the league for the night with 220-571 and 180-482, respectively.

Al Todd, secretary of the San Francisco Bowling Association, tried out the lanes during the week of league play but in the second week he found the mark but good to lead the Kings and Queens 850 Scratch League with a 223 game and 641 series. Other high rollers were Tim Dunn with 230-620 and Sue Burgoyne with 215-579.

Bobbie Perry took high game honors for the week in the St. Emydius Mothers' Guild League with 180 while Marilyn Kretz won the high series title with 469. Virginia Rowland almost brought the house down when she converted the 5-7-9-10 split. Other split converters were Bernice Paulsen, the 4-7-9, and Aldean Kennedy, the 5-7 and 5-9-10.

Four 800 series were registered on the opening night of the four-game Peterson Point Trio League. Fred Bahrt led the parade with 234-835, followed by Fred Von Husen, 226-813; Vince Ferrigno, 254-808, and Art Krause, 233-801.

Alex Maffei missed membership in the 600 Club by only two pins as he led the Lake Merced Handicap League with a 226 game and 598 series.

Taking first prize in the Monday Afternoon 3-6-9 Singles was Rose Jachetta with 682. Tied for second place at 672 were Del Muskin and Jerry Nelson, while Irene Hoge took low prize in the money with 659.

The newest type of bowling league gets underway at Westlake next Sunday at 10 a. m. as the Family Doubles League starts competition. The teams, composed of parent-child combination of the same family, will bowl on Sunday mornings from 10 to 11:30 during the next three months. Secretary Roger Vincent reports that teams may enter by reporting at the bowl Sunday morning.

Next Saturday night will find a Gold Coast Squad with $1550 in added prize fund, plus the monthly No-Tap Sweeper, Dance and Buffet. As usual, there will be bowling at 7 p.m., dancing at 8 and buffet at 11 p. m. Advance reservations may be made with Rick or Primo.

Bill Perez led the "Westlake Champion" Marche Club League for the week with 205 and 542.

Gary Moeller continues to tear up the pins in all parts of the state. Last weekend he led the Westlake squad in the Modesto Bowl Peach Tournament, averaging 220 for 12 games with a high of 269, then Tuesday night he led American Masters 900 Scratch League with 225 and 612.

The Gold Coast Classic continues to roll on with entries passing the 700 mark and more bowlers qualifying for the Westlake Rolloffs. Competition continues until June 2.

Irma Graffman performed the "almost impossible" as she converted the 6-7-10 split in the Starliters League as Jean Lunghi led the bowlers with a 178 game and 474 series.

First to speak was Evelyn Srejas, visitor from the Philippines. After answering questions about her country's school system, she turned the discussion over to Charlie Soendjasmono, an Indonesian, who commented on Indonesia's position in the world today.

Among the things discussed by panel members, Raja Jadmaz, India; Gabrille G. Orce, Argentina; and Jean-Pierre Kulling, Switzerland; were school systems, political views, and tiger hunting.

Cub Pack 369 Holds Meeting

Cub Pack 369 held their monthly meeting May 6 at the Abraham Lincoln school. The opening cermeonies were led by Den 2 under the leadership of Mrs. Lois Faulkner. After the flags were presented. Harold Faulkner read The American's Creed.

Fathers and sons present were pitted against each other in a modernized game of drop the handkerchief. The fathers won the game to the astonishment of the audience; to prove that fathers have more "vigah" than we thought or that the boys were afraid of them.

In a ceremony conducted by the Webelos Den, Steve Wahler was presented with a Scout kerchief and congratulated on completing his Cub requirements and progressing into scouting. The following boys and parents were called forward to receive their awards: Richard Saxton, Wolf badge with Gold Arrow; Michael Butterworth, Wolf badge with Gold Arrow; David Herbst, Wolf badge; Joey Stavish, Gold Arrow and Asst' Denner stripes; Steven Mueller, Gold Arrow; Jeff Bedford, Silver Arrow; Dean Tiernan, Bear badge and Steve Browne, Denner stripe. Cubmaster Lorenzi also named Ray Hammond as Cub-of-the-month and gave the Honor Flag to Den 2.

Den 1 presented a skit based on the circus theme. Ringmaster Dean Tiernan conducted the program, consisting of four acts. Acrobats opened the program with a tumbling exhibit and a daring tight rope walk. The acrobats looked suspiciously like Ed Johnston and Brian Sherratt. Weight lifter, Peter Deacon, gave an exhibition of his prowess.. Ringmaster Tiernan showed his bravery by taming a lion before the eyes of the crowd. Lion Richard Belding was most convincing. Snake charmer Frank Mendes was upstaged by a most appealing green snake. Clowns Bobby Peterson and Brian Sherratt made several appearances between acts to amuse the crowds.

The Cubmaster made the announcement that another paper drive would be held on May 18. After the closing ceremonies, refreshments were served by Den 1.

Future Teachers Club Plans Trip

A field trip is in the planning for Westmoor's Future Teachers Club. Today they will be going to the Margaret Pauline Brown Grammar School to see if they would be interested in being teachers' assistants next year.

The "practice teaching" will probably be done during 6th period, 4 days a week, necessitating the dropping of a class by the participants.

President Vicky Guz called her last meeting to order on May 2 as one of the things on the agenda was the election of officers. Hoping to make the club worthwhile next year the officers, Mike Lynch, president; Jill Carson, vice president; and Georgiana Livingstone, secretary-treasurer, are planning to meet early next year to plan their program.

ELEVATED ROADWAY . . . will lift Alemany Blvd. up and over Lake Merced Blvd. and Park Plaza Drive in Daly City, in one of the major projects of the City-County Highway Plan up for voter approval June 4. A grade separation was deemed necessary between Lake Merced and Alemany Blvds. to relieve congestion caused by large volumes of local and through traffic. To maintain the circulation pattern around Westlake Shopping Center, the grade separation structure will be extended to Park Plaza Drive. South Mayfair Ave. will become a frontage road. The Alemany Blvd. project, which alone accounts for $1,710,000 of the $35,000,000 in general obligation bonds required to finance the highway plan, includes acquisition of right of way necessary for ramps and street connections.

Olympia Classes Observe the Port

The third grade classes of Mrs. Mattson and Mrs. Lamp from Olympia school recently took the Harbor Cruise to observe the activities of the Port of San Francisco and to identify the geographical features of the bay and the land surrounding it. They passed Fisherman's Wharf after the cruise on their way to Aquatic Park and the Maritime Museum, where they examined salty relics from ships that once sailed around the horn.

When the children complete their study of the bay area ports, they should understand that the San Francisco Bay with its excellent natural harbor and improved shipping facilites forms an important transportation route for the state, nation and world. They will also understand that its problems require the cooperation of many people.

Some of the areas will include the variety of jobs the Bay Area ports do, the types of ships for the many kinds of cargo, the specialization of jobs in the shipping industry and the exchange of goods. They will understand that harbor loading and unloading machinery is efficient and that safety measures are important. Also other forms of transportation and communication are linked to the shipping industry.

Girls Tie for TN Valedictory

By Betsy Morrison

Barbara Sims and Karen Post have been named as co-valedictorians for Terra Nova's graduation exercises on June 14. They were given the double honor because their grade point averages have been identical throughout high school.

Bob Hernandez will be senior class speaker.

Cheryl Crisp, doing a dramatic monologue, won the Talent Assembly on May 8. Her name will be engraved on the Talent trophy under that of last year's winner.

On Saturday, May 11, the Spanish Club went on a very enjoyable field trip to Monterey and Carmel. They visited the mission at Carmel and the Presidio at Monterey under the chaperonage of their sponsor, Mrs. Cacicedo.

On May 9, the Merchandising class from Terra Nova went on a field trip to the Geary Street Sear's store. They visited the areas of the store where they could gain employment with their class training. They were also hosted at a luncheon in the employee's cafeteria. The class teacher, Mrs. Nocita, acted as their chaperone.

What Every Woman Should Know About Her Automobile

By WENDY WHEELER

Auto-Torium Feminine Driving Consultant

Two weeks ago I was talking about seat belts (May is Seat Belt Month, you know) . . . and since then, I have been swamped with letters from you asking questions about these seat belts. Here are some of the more interesting ones:

Dear Wendy: Isn't it safer for a person to be thrown clear in a crash, rather than kept in the car by a seat belt? A. J.

Dear A. J.: Absolutely not. In fact, your chances of being killed in an accident are five times greater if you are thrown from the vehicle. Statistics are against you landing in that nice, soft bed of grass we hear so much about. It's more likely that you'll be violently ejected . . . like Colonel Glenn, except without the parachute! You could go right through the windshield or out an open door onto the hard pavement where you will be seriously injured . . . or worse.

Now, seat belts don't automatically mean you will be virtually unharmed in a traffic accident. You will probably bump up against something—the steering wheel, dashboard, or the door. But if you're wearing a seat belt it will restrain the force of your forward motion, thus preventing many injuries and reducing the severity of others. Studies conducted at Cornell University indicate that the risk of injury inside the car is up to 60 per cent higher for a person who isn't wearing a seat belt . . . need I say more?

Dear Wendy: Are seat belts uncomfortable? Alice T.

Dear Alice: Only if you sit on them! Many drivers say the belt adds comfort and reduces fatigue on long drives. Passengers don't have to shift and brace themselves at every turn in the road. And this business about a seat belt messing and wrinkling a woman's clothing is greatly exaggerated. Unless she's wearing starched organdy, it probably won't leave a crease . . . and I doubt that very many of you wear organdy while driving an automobile!

Dear Wendy: If seat belts are as good as you say they are, how come everybody doesn't use them? T. P.

Dear T. P.: A fair question . . . and the answer is NOT that most people don't know about seat belts and how they work. A recent study shows that 96 per cent of the people interviewed were capable of accurately stating the value of seat belts.

So why don't they wear them? Because psychologically, many people associate seat belts with violent danger and death. To buy them is to acknowledge the possibility of getting hurt or killed in an accident and this is just what they want to forget about! Strange, isn't it, that seat belts could actually save them from the very thing they fear?

Dear Wendy: How much do seat belts cost? J. W. H.

Dear J. W. H.: A belt alone costs anywhere from $7 to $12, and some places sell good ones for even less—practically at manufacturer's cost—in an effort to get people to buy them and use them. If you own a 1962 or 1963 model car, seat belt anchorages have already been installed as standard equipment and you can attach the belts yourself if you wish, or have your garage mechanic do it for you.

(Free copies of Wendy Wheeler's informative and entertaining booklet, "What Every Woman Should Know . . . About Her Car," may be obtained at any Auto-Torium Store, or by writing to her in care of this newspaper.)

From A Feminine Viewpoint...

By Mona Baker

One of the highlights of the summer social season is a benefit now being planned by The Courts of the Peninsula, Catholic Daughters of America. It will be a musical tea and parade of stars featuring such well-known entertainers as Mary Costa, Dennis Day, Richard Egan, Alice Mori and dance troupe and many others.

Staged on the spacious tree-lined lawn of St. Patrick Seminary in Menlo Park, it is the first benefit to be held at the seminary.

To announce plans for the coming event, a luncheon was held last Thursday at the historical college which was founded in 1898. The stately buildings and magnificent gardens will be an impressive setting for the affair.

Plans include setting up a stage directly in front of the main building with tea and refreshments to be served from 12 noon to 1:30 p. m., followed by the musical program. The date for the coming benefit is August 24, which is the 65th anniversary of the seminary.

The Catholic Daughters of America, with 1,800 Courts in the United States, was organized 60 years ago by the Knights of Columbus. There are now 136 Courts in California and the present state regent is Mrs. Elizabeth Wettstein (formerly a Daly City resident but who now lives in San Francisco), who was one of the honored guests at last week's luncheon.

Welcoming new women to the area and making them feel at home is a real community service. One of the outstanding leaders in the Daly City Newcomers Club is this week's community leader. During the past year she has served as vice-president planning interesting programs for the monthly meetings of the club.

In addition to her work with the Newcomers Club she has been very active in the Westlake Community Baptist Church and their missionary society. She is now serving on the state executive board. Her particular interest is youth groups, she has taught Church school and worked with junior high youth groups She also lectures before women's groups. To community fund drives she has always given a helping hand.

We salute Clara Hodges, our community leader of the week. Residents of Westlake for four years, the Hodges family, the Rev. Lynn, and children, Shirley, Lynn, Jr., and Stanley live at 607 Higate.

A dinner dance is planned by the alumni of the University of Montana for May 25 at the Hunter's Point Officers Club. Election of officers for the coming year will also be held. Telephone FI 6-0358 for more information.

NEWS BRIEFS: A most interesting program is planned by the Daly City Friends of the Library when they hold their annual meeting on Thursday evening, May 23. Special guest speaker will be Ronald E. Ankrom, instructor in San Francisco elementary school music department. He will present a program on "Music Appreciation" illustrated by records from the Daly City library collection.

Two meetings planned by the new officers of St. Martin Church Women—an evening meeting on May 20 in the Fellowship Room at the church, and the following month a daytime meeting is scheduled.

WOMEN'S ACTIVITIES

Between Us Gals:

Red Wing Was Truly A Doozy of a Camper

By Bunny Gillespie

Red Wing had her name in the paper last week. Her real name. Not the name I remember her by. The story said she was going to participate in one of those terribly sophisticated things that ladies do get involved with now and then.

And I couldn't help but conjure up a mental picture of Red Wing appearing before her stylishly feminine cohorts as she was when I last saw her . . . sporting dusty tousled hair and dirty unmanicured hands and lugging assorted kitchen ware, a not too-well rolled sleeping bag, an over-stuffed purse and a folding camp chair.

She was wearing well-filled pedal pushers, a past-its-prime striped shirt, bobby socks and sturdy shoes, and a neckerchief lovingly fashioned from an old bed sheet that had been dyed a bilious green.

The latter was secured with a wooden spring type clothespin, emblazoned with her feathery name. To top off her ensemble Red Wing wore one of the biggest, brightest, sweetest smiles imaginable, and just the suggestion of tears in the corners of her eyes.

It was going home time after a week of day camp, and unless you've spent time with 22 little girls on a dusty, brush-laden, tree-shaded hillside, where the "facilities" are at the bottom of the slope, you have no idea of the emotions that course through one's mind at the completion of such a stint.

Not that Red Wing was alone, Oriole, Swallow, Canary, Pigeon, Swan, Chickadee, Bunting and Flicker were there too. And a few others whose names elude me. But it's Red Wing that was special, because she, above all the others, seemed to epitomize the noble spirit of the volunteers that appear annually to staff and administer directly the camping programs which have become so much a part of our summer planning.

The goal of a camping or conference experience varies little from group to group . . . the provision of opportunities and growth not afforded in any other situation. The intensification of inter-personal relationships and learning that is uniquely offered in a camp or conference program is the philosophy behind living in the great out-of-doors, be it in the Poconos at Chicagami or Nawakwa or Two Sentinels in the Sierra Nevada.

The key to such a philosophy, it has been said, is leadership. Leader requirements are somewhat universal. An ability to work with others is mandatory, plus a sincere interest in youth and their needs, an experience in working with particular age groups, a willingness to participate and maturity. Specialized knowledge is secondary.

This seems to be the time of year when youngsters are bringing home impressive brochures containing the all-important camp registration card. Three came to our attention this past week.

One was from the Girl Scout Council of San Mateo County announcing the glories of established camps to be held at Sonora and Two Sentinels and the joy of day camping at Coyote Point, Junipero Serra Park, Butano Creek or Huddart Park.

The second was distributed by the North Coastal Area of the United Presbyterian Church listing junior camps, junior high camps and senior high conferences at out-doorsy sounding places such as Westminster Woods (Sebastopol), Valley of the Moon (Sonoma Valley), Camp Corralitos (Santa Cruz Mts.), and Mattole Lodge (between Honeydew and Petrolia).

Adult conferences are scheduled for Zephyr Point on Lake Tahoe's South Shore, Valley of the Moon and Westminster Woods with trails conferences planned for senior high young people who wish to pack-in to a base camp in the High Sierras.

Service study projects this year include the establishment of a "camp" for a limited number of mature youth who wish to explore the San Francisco Area with regard to social concern in the Mission District.

The third brochure was published by the S. F. Bay Area Girl Scout Organization Committee announcing thirteen summer camp opportunities throughout the State.

Through the years the question "Why Camp?" has been posed. The organizations mentioned above seem to agree that the answer lies in the stimulation of real enjoyment and appreciation of the out-of-doors through progressively adventurous experiences.

The Bay Area GS folder states in some beautifully-phrased prose, "Summer is for camping, finding adventure with younger and older friends through outdoor living, cooking over a campfire, hiking through woods, getting acquainted with trees, flowers, small animals and stars, discovering a talent for drawing or writing poetry, singing or dancing. It's browning in the sun, resting in the shade, daydreaming under a wide sky.

"It's planning your activities with other campers and counselors, it's taking a responsibility for one's self and sharing responsibility for others. It's storing memories to last all year, and taking pictures to share at home. It's summer adventure . . . it's camping."

Which brings us back to Red Wing. I wonder if she remembers the time when her sleeping bag slipped off the air mattress and started slithering down the slope of that hill in Pacifica . . .

Thompson-Proctor Vows Exchanged In Westlake

Large bouquets of carnations and white stock helped to decorate the Westlake Community Baptist Church recently as Keitha Jean Thompson became the bride of Vaughn Gerold Proctor, Jr.

The bride is the daughter of Mrs. Fauntreba Thompson and Mr. and Mrs. Albert F. Thompson, and the granddaughter of Mr. and Mrs. E. Parker of Santa Cruz and Mr. and Mrs. F. Thompson of San Mateo.

Prior to her marriage, Keitha resided at 37 Alexander avenue in Daly City. She was graduated from Mission High School and attended San Francisco City College.

Her husband, who is a second class petty officer in the United States Navy, is the son of Mrs. Jack Kadau of El Monte and V. G. Proctor, Sr., of Los Angeles. He attended El Monte High School.

The young couple's engagement had been announced in March at a dinner party for members of their families.

For her 11 a.m. marriage, Keitha donned a floor length gown of white satin and lace which was styled with long sleeves terminating in points over her wrists. Her illusion veil cascaded from a circlet of flowers and she carried an arrangement of orchids and carnations.

Shirley Janet Southerland was the maid of honor and she wore a ballerina length gown of pink satin. The bridesmaids wore ballerina gowns of baby blue satin. They were the bride's sisters, Betty Parker and Zelma Carreon, and Patricia Diehl. The feminine attendants carried old fashioned bouquets of pink and blue carnations.

Nine-year-old Bernadette Carreon, Keitha's niece, served as flower girl, and little Anthony Carreon and Maurice Parker, Jr., shared honors as Rev. Mr. Stembridge.

The best man was William James Robertson. Seating was under the direction of Charles Farrell, Oscar Carreon and Maurice Parker, Sr. Officiating at the ceremony was the Rev. Mr. Steambridge.

The newlyweds greeted guests after the nuptials at the San Mateo home of the bride's father.

Keitha is also the sister of Allean Manzo and Marie Ded- and G. F. Thompson of San Francisco and Daly City, and Vaughn is the brother of Michael Kadau, Beatrice Kadau and Mrs. Rex Gallegos of El Monte and Los Angeles.

ABOUT TO SHARE their wedding cake are newlyweds Keitha Jean Thompson and Vaughn Gerald Proctor, Jr., who were married April 20 in Westlake.

Mrs. West Attends Y National Conference

Mrs. Thomas West of the San Mateo County YWCA joined other delegates from California and from 12 other states at the YWCA's national conference in the Western Region, April 29 to May 2 at Asilomar, Pacific Grove.

Theme of the conference was "The Challenge of Our Community."

Delegates studied new forces at work in their communities, moral and ethical values, and the kind of YWCA leadership needed to meet the challenges of the 1960's.

Speakers included Dr. Dan Dodson, director of the Center for Human Relations and Community Studies at New York University; Dr. Arthur Casaday of the First Congregational Church in Palo Alto, and Edith M. Lerrigo, general secretary of the YWCA of the United States.

Other leading speakers included Ethlyn Christensen, director of the Bureau of Research and Program Resources of the National YWCA, and Dorothy Height, associate director of the Bureau of Personnel and Training the National YWCA.

Forums focused on volunteer and employed leadership, public affairs issues, the organization's world fellowship program, and other topic.

Represented at the conference were YWCA's of California, Arizona, Colorado, Hawaii, Idaho, New Mexico, Oregon, Montana, Nevara, Texas, Utah, Washington and Wyoming.

The conference was one of four held this spring in various parts of the country to evaluate the progress of the association's work, to chart future programs and to prepare for the 23rd triennial convention of the National YWCA, to be held in 1964 in Cleveland, Ohio.

Chairman of the conference was Mrs. John Paul Stone, a vice president of the YWCA of the United States.

Examples of art work and craft projects are being readied for display, teachers in the dance programs and creative group play classes are arranging dances, songs and other bits of interest for the one-night performance of a "Youngster's World of Creative Activities."

A cordial invitation is made to the public and particularly to anyone interested in children's activities (including the children) to attend this YWCA show-case program.

Produced by the children's classes of the YWCA, it will be held Friday at 7:30 p. m. in the War Memorial building.

Y-Teen clubs in Millbrae, Colma Upper School and Benjamin Franklin School will send members to handle the hostess duties for the evening. Admission is free and simple refreshments will be on sale.

Joining in the displaying of arts and crafts will be the Senior Citizens of Daly City. Their display will feature a number of hobbies, crafts and interests of the Senior Citizens.

Math Techniques Close Brown PTA Program Year

The M. Pauline Brown PTA will have the privilege of learning tomorrow evening about the new methods of arithmetic being taught in Jefferson Elementary schools.

John Richards, JESD general curriculum consultant for the fourth through sixth grades, will be the guest speaker. This should prove to be a very informative meeting.

Featured on the program will be the historian, Mrs. John McLane, and her report on what was done by the officers and chairmen of the unit during the 1962-63 term.

The 8 p.m. meeting will be the last unit meeting of the term, which has been a very happy and successful one and brings an ending to the second year of the M. Pauline Brown PTA. Mrs. Norman Gotelli, vice president, will preside.

Shoe Covering Is Topic for Buri-Buri Womens' Club Meet

"One does not need to walt until they are wealthy to have shoes that match their clothing." This statement will be illustrated by Mrs. J. F. Scott of San Bruno, at tomorrow night's meeting of the Buri Buri Woman's club, at the Buri Buri Community Methodist Church.

Program chairman, Mrs. Baillie, reports that Mrs. Scott is a teacher of custom clothing and millinery at Jefferson and Westmoor adult education classes and will demonstrate how to cover slippers.

The June luncheon will be held June 8. Anyone interested in attending is asked to call Mrs. Howard Hinman, or Mrs. Clarence Baillie.

Time For Fashions At W. H. S. Tomorrow

The Westmoor PTA will present "Time for Fashions"—the annual fashion show and tea presented each year by the homemaking classes of Westmoor High School—tomorrow, Thursday, afternoon amid a color scheme of pink and orange.

Parents and friends will view the clothes made and modeled by girls of the homemaking classes.

Robes, pajamas, skirts and blouses, suits, silk afternoon dresses with jackets to match, and a satin evening coat with matching dress will be shown.

Commentators for the event will be high school seniors, Pamela Altman and Frances Rogers, with Bonnie Benner, a junior, assisting. This year's show is under the direction of the home economics teachers, Mrs. Janet Sweeney, Mrs. Eileen Kelly and Miss Stephanie de Gorog, student teacher.

Fancy cookies and sandwiches will be prepared and served by students in the food classes.

At this final PTA meet, officers will be installed and scholarships awards will be presented.

Set your clock in "Time for Fashions," at 3 p. m. in the Westmoor High School cafeteria.

Showboat Time Provided Fun-Filled Memories

Thousands were on hand during the four fun-filled days of the Our Lady of Mercy of Westlake festival, "Showboat Time." Children and grown-ups alike shared in the excitement.

The parish hall, located at 1 Elmwood drive, featured 20 booths stocked with merchandise. Children threw ping pong balls into fish bowls and rode on slides into mysterious caves while the grown-ups tried their luck at other games.

The preview for children was held at 1:30 p. m., May 2. General chairman of the four-day event was Bob Hunter, who was assisted by Charles Wester, president of the Westlake Catholic Men, and Mrs. Frank Kelechava, president of the Westlake Catholic Women.

"Bugs the Clown" entertained the children on May 4 and 5. He brought along a generous supply of balloons, which he manipulated into various shapes, and presented them as gifts to the children.

Following the entertainment, 1,300 dinners, prepared by Joe's of Westlake, were served in the parish school.

All proceeds from the event will benefit the parish building fund.

WHY YOU CAN'T READ MOST PRESCRIPTIONS

Contrary to general belief, physicians do not write prescriptions in code, Latin, or purposely unreadable by the patient. The chief reason you cannot safely read them is, because the names of the drugs are unfamiliar.

There are more than 4,000 different medicines in our prescription laboratory and many of their names are almost similar. We know how to spell each one and their dosage and medical uses. Of course, if we ever have the slightest doubt we immediately check with the physician before dispensing.

YOUR DOCTOR CAN PHONE US when you need a medicine. We will deliver promptly to Daly City, Westlake and St. Francis Heights without extra charge. A great many people entrust us with their prescriptions. May we compound yours?

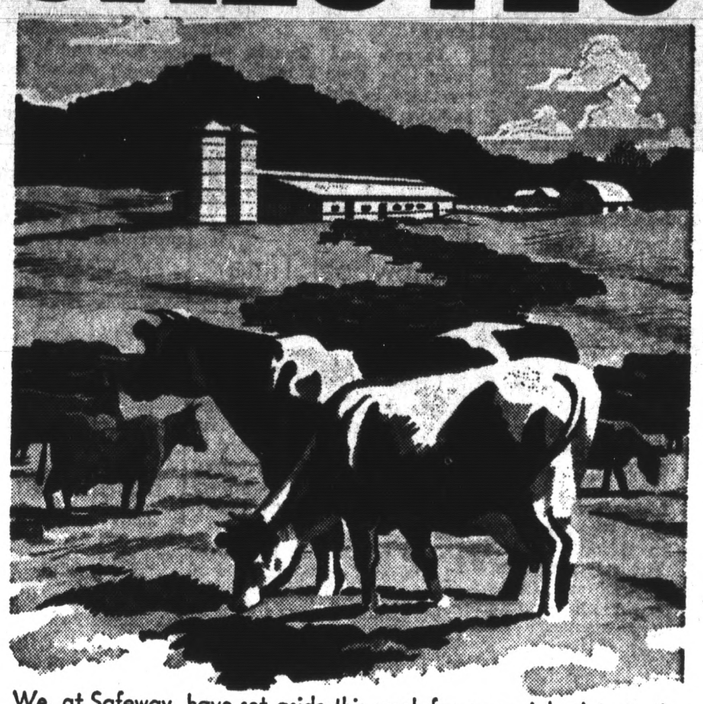
SAFEWAY SALUTES



Calif. is the Leader In Production of Fruits & Vegetables...Safeway's a Leader In Distribution!

We, at Safeway, have set aside this week for a special salute to the farmers, ranchers, and to everyone who is a part of California agriculture. It is highly appropriate for us to express our good will to this number one busines of our now number one state. (Did you know that Agriculture is California's biggest industry?) California agriculture produces the kind of merchandise that it is our business to sell. California is our best source of dependable quality foods of many kinds. It leads the entire nation in total farm production and farm income. Here, for example, is grown 43 percent of the country's vegetables and 42 percent of its fruit and nut crops. Many hands are needed to move these products to consumers throughout the land. Safeway is happy to be among those who provide California agriculture with efficient distribution of its products, not only in this state, but in many other states too. You are welcome to join us as we tip our hats to California agriculture, to our "partners" in the food business.

Policeman's Week

Gilbert and Sullivan in one of their popular operettas proclaimed "A policeman's lot is not a happy one," and while circumstances have changed over the years, this is still to some extent true.

The policeman lives in a strange world. He is maligned when he warns or gives a ticket for a traffic violation which we richly deserve. Each of us is sure that we were singled out on this occasion and that some other driver should have received the summons.

Again, when we want a policeman, and it takes a few minutes for the officer to arrive we often criticize.

But how often do we recognize the tremendous job that these men do, day in and day out, week after week. The routine chores, patroling, apprehending of criminals, testifying in court, training, go on every day with little thought by the general public.

We are seldom aware of the influence policemen have in influencing our young people, how many times they teach good citizenship to school children, Scout troops, etc.

This week is Policeman's Week. It's a good time to make a special effort to learn more of how these men silently serve us in hundreds of ways. And a kindly compliment to a local officer might help make "a policeman's lot a happy one."

Opinion Poll

J. Arthur Younger, representative of the Ninth District of California, which embodies San Mateo County, is again this year making a public opinion poll in his district.

Some 16,000 persons will receive a card which they may check according to their wishes and return to Representative Younger.

We find several of the questions to be "loaded," that is they do not explain fully what is meant, and they can be interpreted in many different ways. The last question, for example, does not indicate why Representative Younger may feel that this is necessary, or along what lines an investigation should proceed.

For those who do not receive a card, we are publishing the Opinion Poll herewith. Ballots may be returned to the Westlake Times and The Record where they will be tabulated and the results forwarded to Representative Younger. Results of the county-wide poll will be published at a later date.

THE AMERICAN WAY

When You Penalize Success, You Destroy Prosperity

The View From ... Behind the Badge

Written and Edited by Daly City Police Department

This is the second of the series of questions and answers for prospective witnesses.

Q—"How should I conduct myself in court?"

A—One very important thing to remember is that the judge or jury will quite likely be noticing you even before you are called to the witness stand. One who wishes the judge or jury to give his testimony the weight to which it is entitled will avoid chewing gum and whispering to others in the court room, both before and after being called to the stand. While on the stand you should sit erect and speak clearly and fairly loud. Of course, we all have different voice levels, but a good rule to remember is that you should speak so that a spectator in the last row of the court room will be able to hear you.

Most witnesses look toward the attorney who is asking the questions; however, if the judge asks you a question, turn toward him. If you are testifying in a jury trial, try to remember to address some of your testimony to the jury. Remember, the judge or jury is observing your demeanor (how you conduct yourself) in addition to listening to what you have to say! Every public speaker knows that the impression is made not only by what you say, but how you say it. A witness who is overly nervous, "figity" or "shifty" will seldom convince a judge or jury that he is completely honest and accurate.

Above all, try to relax while on the stand and allow your confidence to show through!

Q—"What should I say on the stand?"

A—You should always bear in mind that the purpose of your testimony is to ascertain the truth. Many well-meaning witnesses tell just a little more than they actually observed, or try to state as positive fact some point they are secretly uncertain about. This type of testimony invariably leads to trouble when later evidence "lays bare" the inconsistency or mistaken observation. As one writer has stated: "The nation has a quiz-show complex; everyone's afraid to say 'I don't know'." Similarly, do not be afraid to say, "I'm not certain, but I think such was the fact," if you are genuninely uncertain.

Sometimes criminal cases involve the necessity of testifying to foul or obscene language or behavior. Some witnesses may be reluctant to repeat what they heard or saw in such cases; they feel embarrassed to repeat it in the dignity of the courtroom. It should be recognized that such a witness is merely reporting to the court what was heard or observed. Remember, the court has inquired into such cases before, and it cannot properly evaluate the evidence unless it knows exactly what the crucial language or behavior was in fact.

Q—"Will I be able to tell what happened in my own way?"

A—Probably not. What appears important to you in what you observed may not be important from a legal standpoint. Furthermore, your testimony may contain inadmissable segments, such as hearsay and personal opinion, if given in this way. Thus, you should not volunteer information from the stand. You should attempt to provide direct answers to the questions put to you. This is not to suggest that you leave it to the prosecutor to "pry" from you the desired information, for he cannot, under the rules of evidence, put "leading" questions to you; i.e., questions which suggest to you the answers.

The good witness, before answering a question, makes a mental appraisal of what particular matter it is that the examiner is seeking to elicit from him and, having decided, gives a full statement in direct response to the question.

(Deputy District Attorney Jim Browning's suggestions for the potential court witness will clude in a third article two weeks from now.)

Affairs Of State

By Henry C. MacArthur

Gov. Edmund G. Brown, who has seen paractically none of his legislative program approved during the first two-thirds of the 1963 legislature, has laid a big part of the blame on lobbyists and the powerful Senate Rules Committee.

In one of his liveliest press conferences of late, Brown answered questions on a wide range of subjects, including:

Lobbyists have "been doing pretty well" in blocking passage of his program and he's planning to use "every power that a governor has" to overcome this, even if he has to lobby the lobbyists. The only lobby referred to specifically was the real estate interests, whom Brown said had fought the fair housing program.

He still does not intend to pull back "on a single solitary thing that I put in the inaugural message."

Brown admitted that, in order to gain another 75 million dollars and permit a 50 per cent forgiveness of income tax along with the withholding tax program in 1964, he has considered requiring payment of sales tax by retailers on a monthly, rather than quarterly, basis. This would raise some 95 million dollars for one month in a one-time revenue gain, but Brown admitted business would be opposed to the plan.

He had no ready opinion on a proposal that executions scheduled for San Quentin on May 3 be televised. Assemblyman Lester A. McMillian, D-Los Angeles, author of the bill putting a moratorium on capital punishment, has made such a suggestion. Brown said he has been considering the case of one of the condemned men.

Chances for the passage of the capital punishment moratorium bill are "absolutely zero," Brown said, and likened the Senate Rules Committee to the judge who said to bring in the defendant, they would give him a fair trial and then take him out and hang him. "This is what the Rules Committee has done to the governor in connection with his moratorium bill," he said.

Brown referred to the fact the Rules Committee had referred the McMillan bill to the committe on governmental efficiency. Brown said he believed every member of the committee but one was vehemently opposed to the bill.

He doesn't feel his meetings with the legislative leadership are accomplishing much as "the leadership expressed itself in opposition to a great deal of my program before they even heard it."

Brown said he had been "very seriously disturbed" by a statement by Senate President Pro Tem Hugh M. Burns, D-Fresno, that his budget program for this year was politically dishonest as it included appropriations for programs or new services that had not yet been approved by the legislature.

He is opposed to night harness racing, night quarter-horse racing or any kind of night gambling but indicated he may have softened in his opposition to adding more thoroughbred racing days. Brown said he had said four years ago he would not sign any bill giving more horse racing days.

"I haven't made any such statement this time and I'm neither for nor against it," Brown said. "When the bill reaches my desk, if it does, why, I'll be very happy to take a fair look at it. But I have specifically avoided any statement on that."

Besides being the most informative press conference Governor Brown has held since he first started having them televised "live," the conference gave some indication of how badly the governor's legislative program is sagging. So far, only one bill —setting up a program of educational aid for students from poor homes — has cleared both houses.

Gallagher Supplies Mythical Army

For a fighting army, even bootlaces can prevent knotty problems, which Army Reserve Major Thomas A. Gallagher, Jr., of Daly City will help untangle during Exercise LOGEX 63, April 21 to May 5 at Fort Lee, Va.

Major Gallagher's unit, with Air Force, Navy and civilian elements, will administer support and supply for a hypothetical field army of 400,000 locked in combat in central and southeastern Europe.

The participants in the exercise will maintain round-the-clock operations to make sure that everything from rocket launchers to bootlaces, from blood plasma to diesel fuel, is in the right place at the right time.

Something for Everyone

By Samuel Chandler

M.G.M. is making "San Franciscans," by Niven Busch into a movie. If it is handled properly, it will be a good one. The San Franciscans is a lusty story about Laura—wealthy and smart and a widow, and Courtney Galvin, an unknown attorney looking for fame and fortune. Although drawn to each other, these two pass through circumstances that make them enemies. They fight and they love in the courts, the homes, on streets, and in the banks of San Francisco.

This is the second of a series of novels about San Francisco that Mr. Busch plans to write. The first was the best seller, "California Street" which is the story of Anchylus Saxe and his three daughters. The most dramatic part climaxes in a legal battle between the father and older daughter on one side, and the younger daughter on the other.

These two stories of San Francisco contain large casts of credible human beings. They are tales of selfishness and greed that do not fit the gay and gracious city by the bay. Yet they have a range of realism that cannot be distinguished.

Letters to the Editor

The Westlake Times
3317 San Jose Ave.
Daly City, Calif.

Dear Editor:

We feel that the following information would be of interest to every mother . . .

War on Pinworms

Mothers: Does your child have pinworms? Bet your answer is: "Of course not, all I do is wash, wash, wash and scrub all day."

Well, that's what we thought until we took our boy to the doctors for his yearly check up. He had been looking a little pale and was restless and often complained of tummy aches. It was our alert and very fine pediatrician who discovered that our boy had pinworms.

At first we were kind of horrified—but when we found out that 90 per cent of the population has them—we felt a little different about it.

Pinworms are not a disgrace but need treatment. Did you know that they can be cured in one day? Well, they can, under the proper medication prescribed by your doctor.

It's kind of like fighting a losing battle unless its brought to everyone's attention. Just as once a year we have a "War on Earwigs" (which plague us every spring) our war at this time is a War Against Pinworms.

Here are some of the symptoms: restlessness and irritability, itching, picking of nose, stomach ache, sometimes masks as vaginitis in girls.

Prevention and Cure: Cut fingernails as short as possible, wash hands before eating and after going to the bathroom, wear underpants to bed at night because pinworms come out between the buttocks at night and lay their eggs. See your doctor for proper medication — do not try self medication.

Annual Solemn Novena Begins At St. Mary's

The annual Solemn Novena to the Holy Spirit begins at Old St. Mary's Church, California and Grant Avenue, San Francisco, on Tuesday, May 21, and will continue for nine working days through Friday, May 31, it was announced by the Reverend John F. Carvlin, C.S.P., pastor of Old St. Mary's.

The Novena preacher will be Reverend Walter Anthony, C.S.P., Paulist Missionary who is widely known to northern California congregations for the many outstanding Missions and Novenas he has conducted throughout the state during the last five years.

At Old St. Mary's there will be two services daily during the nine-day Novena to the Holy Spirit, one at 12 noon, and a second at 5 in the evening. Each service will include Holy Mass, Novena prayers and a sermon by Father Anthony.

For his sermon topics, the noted Paulist speaker has chosen a different subject for each nine days. Among them are: Family of God; Personality; Strength; Friendship, Heavenly Queen and other themes, including discussion of the Ecumenical Council.

In presenting Old St. Mary's Solemn Novena to the Holy Spirit, Father John F. Carvlin, pastor of the Paulist church, explained that the Paulist Fathers extend a warm and most cordial welcome to all brothers in Christ to join them in preparing for the great Feast of Pentecost. The word "novem," from which the term "novena" is taken, comes from the Latin meaning "nine." The origin of Novena may be traced to the nine days during which Mary, the mother of Jesus, and the apostles remained in prayer in the Upper Room, awaiting the coming of the Holy Spirit. The present-day Novena follows this tradition of a nine-day devotion signifying preseverance in prayer for special favors. Pope Leo XIII officially decreed an annual Novena before Pentecost in his encyclical on the Holy Spirit, Divinum Illud, on May 9, 1897.

The Old St. Mary's Solemn Novena to the Holy Spirit will conclude on Friday, May 31, the feast of the Queenship of Mary.

ADULT CHOIR — Pictured above is the adult choir of the Broadmoor Presbyterian Church, 377 87th street. This group rehearses every Wednesday evening and sings each Sunday morning, usually at the 11 o'clock second worship service. The group also occasionally sings for the early Sunday service held in the chapel of Fort Miley Hospital in San Francisco. An extra project this month is the taking of orders for doughnuts to benefit the new organ fund of the church. On the front row (left to right) are Dorothy Spratt, Vicky Guz, Ralph Henn, Kay Mattson, Shirley Pappas and Barbara Sunderman. Back row (left to right): Naides Rechtet, director-organist; Delmar Sevey, Sue Silva, Jim Spratt, Baird Whitlock, Ray Corona, Tim Tweedie and Penny Tweedie. Other active members of the choir are Jean Amick, Evelyn Gebhart, Sandra Gardiner, Lee Johnson, Irene Stephen, John Pickens and Lou Hamilton.

'Believe in God' Is Baptist Church Topic

"Do You Believe in God?" is the topic chosen by A. David Donnelly, pastor of the Westside Baptist Church, Southwood School in South San Francisco, for his 11 a. m. sermon on Sunday, May 19.

At this service, there will also be special music and a Primary Church service for boys and girls to attend during the preaching portion of the service. This service is for boys and girls four years of age up through the third grade. A nursery is also provided for babies and toddlers during the service.

The importance of the Sunday Church School is continuing to be emphasized at the opening assembly each Sunday of the Sunday School. The school is presently in the midst of the "Higher Goals" emphasis, being promoted throughout the Sunday schools of the Baptist General Conference.

Three young peoples' groups meet at 6:15 p.m. each Sunday. The Jet-Cadets is a program for junior age boys and girls; then the Junior High and the Senior High Conference Youth Fellowship groups meet separately at this hour.

During Jesus' ministry upon earth, he asked a number of questions of his disciples and those who followed Him. One of these is the basis for the Evening Gospel Hour message, that being: "Why Call Ye,, My Lord?" At this hour-long evening service, which is conducted on an informal basis, there is opportunity given for those in attendance to give expression to their faith in Christ, by a word of testimony, or quoting of a favorite verse. Then there is apportunity for selection of the favorite hymns and Gospel choruses. This service is held each Sunday evening at 7 o'clock.

A number of the young people of the church will be in attendance at the bi-monthly San Francisco "Youth for Christ" rally on Saturday evening, May 18, at 7:30 o'clock. The special speaker will be Bill Eskin. This service is also highlighted with special music, and Bible quizzes.

The mid-week Prayer and Bible Study Hour this week meets at the home of Mr. and Mrs. Roy King, 800 El Camino Real, Apartment 20, in South San Francisco.

The pastor continues leading in the study of evangelism, and this week the study will be taken from the tenth chapter of Mark, the account of the healing of Blind Bartimaous.

Westside Baptist Church holds its Sunday services in auditorium of the Southwood School, Southwood drive and Hill street in South San Francisco. The church is affiliated with the Baptist General Conference.

Lutheran Sermon on "Genuine Religion"

The sermon at Westlake Lutheran Church, Sunday, by Pastor Kenneth Hansen, will be "Religion That's Genuine."

Pastor Hansen will touch upon the work of Lutheran World Action, pointing out that it is the arm of love of the Lutheran Church, giving material relief to those in need in the far corners of the world. The American Lutheran Church will give nearly two million dollars to this work in 1963.

Men in the Armed Forces are ministered to at 34 service centers throughout the world and literature is supplied to 700 chaplains to help make their ministry more effective. These funds have helped to develop practical agricultural training in Latin America. Thousands around the world are given food, clothing, medicine, services and funds regardless of race, color, or creed.

A few more examples are: a Lutheran Vocational Center for refugees in Jerusalem and Hong Kong, a mission in India, Jordan, Indonesia, New Guinea, South Africa, Ethiopia and Cameroun.

A Lutheran noodle factory in Hong Kong to provide food and work for many families. In cooperation with Yugoslav Red Cross it serves food to school children to overcome malnutrition. These are only a few of the services given out of love to Christ to meet acute human need.

The Lutheran League will meet at the home of Mr. Art Jaranson, May 19. The topic for the evening will be "God's Design for Sex." Films will be shown of their recent snow trip to Echo Summit after the meeting.

WHAT'S DOING
T. P. Coyne, your Telephone Manager in Daly City

The telephone technician at the right is testing a tiny part of a newly developed underseas phone cable. These cables are designed to function perfectly at the bottom of the sea for twenty years or more so the tests must be rigorous. One such test determines if the cable can withstand the tremendous pressures found on the ocean floor. It uses helium and is so exacting that it's capable of detecting a leak so tiny that the escaping gas would take *26 years* to fill a thimble. It's care like this that helps us to bring you the best possible telephone service.

• • •

Interesting fact: At the beginning of 1962, all of Russia had only 455,000 more telephones than New York City.

• • •

Daly City progress is making itself heard! The noise of jack hammers and other construction sounds which have been heard in the general area of 359 Washington Street can be blamed on the construction job at our Plaza Office Building! The expansion is necessary in order to meet the everyday needs of the Daly City-Colma population.
By the end of this year, the addition to the third floor will be completed making room for more equipment and additional information service as is necessary to meet growing demand!
Watch "What's Doing" for up to date reports on your telephone building.

• • •

You may have heard the old story about one of our information operators who answered a call and heard a woman ask, "Say, I wonder if you'd mind pulling the cord on your end of the line—mine is too long!" This may be stretching the truth a bit, but it's true we go to great lengths to give good service.

• • •

If you're planning on traveling this summer why not take a few moments to phone ahead to make sure you have reservations at your destination? Most people find it often saves trouble and disappointment.

TV and RADIO

By Mona Baker

Tucked away in one corner of the headquarters building at the Presidio is one of the newest and busiest radio-television operations in the Bay Area —a completely equipped studio which is the base of operations for the Radio-TV branch of the Sixth Army.

Chief of the new operation is Bill Wagner, who has been a resident of Westlake for many years.

We dropped by the new studios to get a first-hand report and were most impressed with the scope of operations. They are now producing 1,200 hours of radio and a half-hour television show each month. The radio programs are now heard on 262 commercial stations throughout the country.

In addition, they are called on to produce TV programs for both local channels and over the networks. He recently completed a program that will be seen over the Huntley-Brinkley report next month

By the way, all their filming is done in color.

Part of Bill's duties are to make films on historical events such as a military history of the Presidio. He recently returned from Arizpe, Mexico, where he was the first American to drive to the historical Mexican village by car.

He visited the Cathedral de Nuestra Senora de la Asuncion and met Padre Antonio Magallanes, the pastor. When the priest visited San Francisco recently, Bill was his interpreter. Also, the padre came out and blessed the Wagner home in Westlake.

TV DATES TO JOT DOWN: Over Kron-TV, "Biography" will present the life story of Field Marshal Erwin Rommel (May 15, 7 p.m.) On May 21 (9:30 p.m.), a special NBC colorcast: "A Visit to the Kremlin."

For the tricycle set, a new children's series premieres over KPIX this week at 7 a.m.

Scheduled for this Friday, May 17, KQED special at 8 p.m., "Spring Opera Preview," with members of the opera company presenting excerpts from three of the operas to be performed this season.

Weather Bugs Vista Grande May Festival

On again, off again could almost be termed the theme of the May Festival at Vista Grande School this past Tuesday due to the prevailing weather conditions that day. Despite many obstacles, the festival was held at 1 p.m. with a hotdog lunch served at 12 noon.

Mrs. Colwell, former first grade teacher at Vista Grande, narrated the program, replacing Mr. Parks, who was not able to attend. Mr. Martindale, principal at Garden Village, crowned King Peter Bodgan and Mrs. Harvey Cross, president of the PTA, crowned Queen Michelle Giordani. The dances were a success. The students spread their enthusiasm to the parents and everyone once again welcomed spring.

The next event will be the Fashion and Talent Show on Thursday, May 16, at 7:30 p.m. The Vista Grande - Thornton PTA invites everyone to attend.

Olympia School Bicycle Registration Day on May 25

Saturday, May 25, from 9:30 to 12:30 p.m. has been set as bicycle registration day at the Olympia School by the Daly City police department in conjunction with the Olympia and Fernando Rivera PTA.

The registration fee is 50 cents. A safety movie will be shown and safety booklets will be distributed to the children.

The National Safety Council reports that last year 500 children were killed and 27,000 were injured in bicycle accidents. Parents are urged to send their children and are asked to help avoid contributing to these statistics.

Colma Lady Wants Dog, Caesar, Back

Caesar, a mixed breed border collie and Austrian shepherd, dearly loved his mistress, Lilian E. Herivel of 843 87th street in Colma.

He was her constant companion since 1955 and would even become ill when she was in the hospital.

On March 9, in the Presidio, a female Labrador retriever lured him away. He returned when his mistress called, but the female dog came back three times and the third time Caesar ran so fast after her he got too far away for him to hear his mistress.

Caesar never returned. Persons having information on the dog (long white hair, golden brown head, two brown spots on the right side and no tail), may call Lilian E. Herivel, M/Sgt., at PL 6-3586.
